The Black Museum: The Ghost and the Lady

By Kazuhiro Fujita

Deep in Scotland Yard in London sits an evidence room dedicated to the greatest mysteries of British history. In this “Black Museum” sits a misshapen hunk of lead–two bullets fused together–the key to a wartime encounter between Florence Nightingale, the mother of modern nursing, and a supernatural Man in Grey. This story is unknown to most scholars of history, but a special guest of the museum will tell the tale of The Ghost and the Lady...
